Abstract

Are you passionate about video games? Do you want to work for a solid indie video game developer? Have you the skill to join a programming team and help create a successful video game? If so, then you're the right person for us and we'd love to meet you!

Company Profile

HB Studios is the largest video game developer in Atlantic Canada with roughly 80 staff at its Lunenburg HQ. Founded in July 2000, HB has shipped 46 titles selling more than 23 million units. The company has appeared regularly in the Develop 100: the list of the "World's Best Game Studios."

We are currently working on five projects across PS4, Xbox One, iOS, and Android as well as PS3, 360, WiiU and PC.

As a company we are a passionate team of game designers, producers, programmers, artists, animators, UI artists, audio engineers and support staff, known in the industry for our high quality sports games and with publishers for our professional and reliable delivery. We have partnered with the biggest names in the industry and are currently developing games across all current platforms.

If you are creative, hard-working, have a passion for interactive media, and thrive in a dynamic working environment, HB Studios is the place for you. Please join us Friday, March 13th at 2:30pm to learn more about HB Studios and what's it like to work there. Bring your resumes as we are currently looking for fresh talent. Have a look at our jobs page on our website for detailed job descriptions - www.hb-studios.com. Also check out www.thegolfclubgame.com to read up on our most recent self-published game.
